# PX PRECINOX

PX Précinox is the spearhead of PX Group and the origin of its sister companies. Today, thanks to 40 years of experience in the industry, the company has made the treatment of precious metals its speciality. Scrap processing, refining as well as developing and manufacturing alloys, semi-finished redrawn and rolled products, components and banking products are what the company works on daily. Its products can be distinguished by the high quality of alloys, precise shapes, simple or complex, all of which are produced in house with a full traceability.

PX Précinox is committed to sustainable development and responsible procurement of gold.
