

PXTOOLS

YOUR PARTNER FOR
STANDARD AND CUSTOM
MACHINING SOLUTIONS

.....

PX TOOLS

PX Tools is a creator of hard metal machining solutions specialising in the production of shaped, standard and threading tools since 1952. The company has been part of PX Group since 1990 and is capable of adapting to the complex and quality-focused needs of its clients. PX Tools is particularly well known in high-tech industries such as luxury goods, medical, aerospace, automotive and high-precision industries. The responsiveness and technical support of the company can help you achieve your project objectives.
